

PRODRAIN PRO-700

PORTABLE DRAIN CLEANING

The ProDrain PRO-700 facilitates safe and easy drain cleaning with the ABX-PRO hose tractor. The ProDrain does not require tethering—simply position over a floor drain and begin. If the system becomes unsteady, an integrated dump circuit cuts water to prevent tipping. The protective splash plate is weighted for stability and a hose pilot tube guides the tool to ensure quick, precise jetting.

FEATURES:

- Portable, easy to set up stand
- Integrated splash plate
- Anti-tipping design - does not require additional tethering
